Dear Parents / Guardians,

Welcome back to Semester 2!

COVID-19 Pandemic has surely altered lives and disrupted normal life across the world. We understand the challenges faced by students, parents and the teachers to cater to the academic needs during closure of school and adapting to virtual learning. I am proud that our students have risen to the challenges and adapted to the situation very well.

Rest assured, we are doing our level best to enhance the delivery system to ensure that the Online Lessons are more interactive to sustain the interests of our students. I must once again say that the cooperation and patience from the students, parents and teachers have enabled us to overcome the many odds that are not possible to become possible during these trying times.

The Rescheduled Mid Year Examination was carried out as planned and the results would be announced by end of June. The Online Lesson Progressive Report will be out by end of July. This report will keep the parents/guardians informed of the progress of the child on the ongoing Online Lessons conducted on a bi-monthly basis.
