

STAR OF THE WEEK

Yong Xuan, a mild-mannered, soft spoken and friendly student is a joy to have in class. He is always all ears when lessons take place in class, joins in lively class discussions and is such a good natured boy that his friends love hanging around him and interacting with him. Bubbly and cheerful by nature, Yong Xuan will never walk alone.

Week 41 & Week 42 (26/10/2020 - 6/11/2020)

Dear Parents,

As we are steadily adapting to the new norm via online learning, we are also looking forward to see the children in-person again. As the date for them to be back to school draws closer and the COVID-9 cases seem to be increasing, do wait for further notification from us.

Examination is but one of the many ways we keep track of a child's progress. The exam scope and schedule were emailed to you earlier. A copy is also uploaded in QS Parent Portal as well for your easy reference. Our coming assessment will be held on:

Week 44 : Wednesday - 18/11/2020 - Friday - 20/11/2020

Week 45 : Monday - 23/11/2020 - Tuesday - 24/11/2020

We will continue to monitor and assess our children accordingly and hope that they will be back to school soon. Until then, please stay home and stay safe. To our Hindu friends, parents and all : Happy Deepavali.

Thank you for your unwavering support and trust in us.

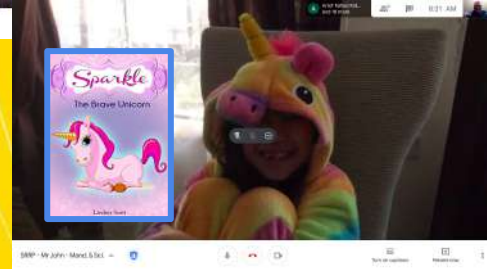

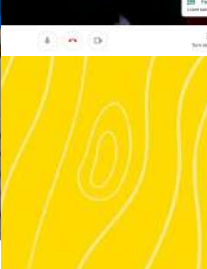

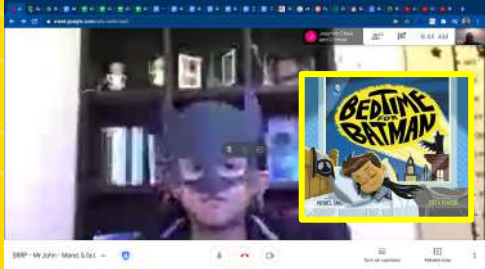

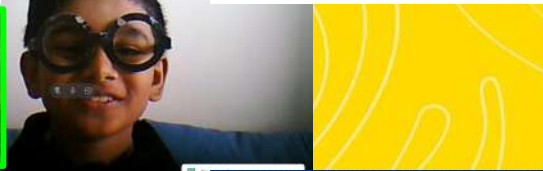

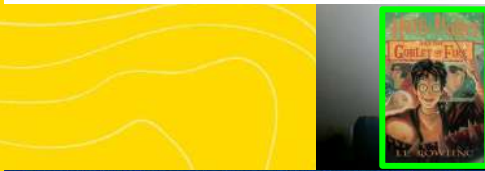

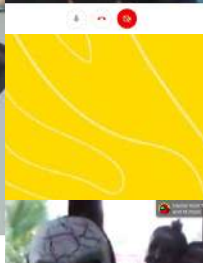

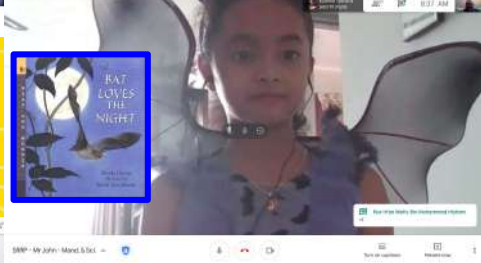

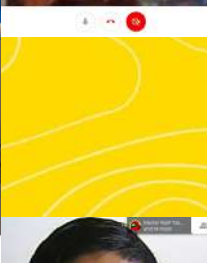

Warmest Regards: Ms Loy (Principal, Sekolah Rendah Rafflesia, Puchong)

Dear Dani,

I came across a notice on the school noticeboard. A wallet was found near the food counter at the canteen. The brand "Sporty" was on the blue and black canvas wallet. It contained some money, a key and cards. It didn't have any designs. If it's yours, please collect it at the lost and found section in the school office. I hope you get your wallet back.

Sincerely,
Isaura.

Mr Khalim is a courageous policeman. Every morning, he will listen to the briefings to be kept in the loop of any developments.

His main duty is to generate reports. When a crime has occurred, Mr Khalim rushes to the scene and interrogates the suspects. He also nabs those who are suspicious.

Sometimes, he is invited to give talks about safety and his career at schools. Mr Khalim always tells them to be good law-abiding citizens. Most pupils enjoy listening to the talks about self-awareness.

Although his job is exhausting, he enjoys it. Mr Khalim hopes to continue his career as a policeman for as long as possible.

Last weekend, Rafizi was enjoying his football game with his friends at the fields near their house. Suddenly, Rafizi kicked the ball towards the bench accidentally.

He ran towards the bench to get the ball and to his shock, he saw a missing wallet. He picked the missing wallet up and saw the identification card and the wallet belonged to an old man. He told his friend to stop the game. He went searching for the old man

After five minutes, he finally found the old man. Then he return the wallet. The old man was happy and thanked Rafizi for his honesty. As the saying goes, "Honesty is the best policy."

One day , while Ali and Abu were cycling back from school , Abu challenged Ali to a cycling contest. Ali agreed. While they were cycling down the hill as fast as possible , Abu lost his balance and fell down causing him to break his ankle.

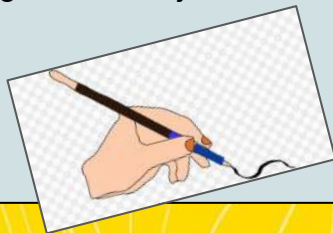

Ali rushed over to him and called for help . His parents came and took him to the hospital. Abu claimed that it was very painful. The doctors told Abu that he had to be hospitalised for at least a week. After 1 week, Abu was discharged from the hospital and returned back home to his normal life.

Dear Dad and Mum,

I would like to join the paragliding class. We will jump from an aircraft and perform acrobatic moves during the fall and landing using parachutes. The trainer is Encik Mazian. He has done it many times and is very experienced. I will be wearing safety gear such as helmets, gloves and knee guards. I would like to get your permission and I won't get hurt or injured.

Love,
Izzat

Dear Runa,
I have just learned about unique buildings today. The Crooked House in Poland caught my eye the most. It is designed by the architect, Szotynscy Zaleski. The building was designed to look like fairytale illustrations. The building serves as a shopping mall with several cafes. It also has colourful glass entrances and sandstone framed windows which I think compliments the unique structure extremely well. I'm really amazed with the unique design and wish to see it up close one day.

Jie Xin

One day, Ali and his cat were playing around at the backyard. As Ali was thirsty, he got a cup of water in the kitchen. When he returned, his cat was missing. He searched around his backyard, but he was unable to find it.

He was sad and desperate to find his cat. He pleaded with his father to help him search for his cat around the neighbourhood. . His father agreed.

His father was also unable to find Ali's cat. Just as he was about to give up, he heard a sound. He walked towards the sound and found the cat. He brought it home and gave it to Ali. Ali was grateful and thanked his father.

Dear Bob

I have just come back home from my vacation to Poland. While I was there, I went to the crooked house in Poland. It was designed by Syotydney Zalenski. It was designed to look like illustrations from children's books (Which gave me nostalgia of my childhood days). It had a colourful glass entrance and sandstone framed windows. Now I must sign off. I hope you will have the opportunity to see it one day.

*Sincerely yours,
Imaan*

Dear Ifra,

Have you heard about the appreciation night? The year-six pupils are organising an appreciation night for all the teachers, including the retired teachers.

The event is on 15 December from 6:30 p.m. to 10:00 p.m. . The dress code is casual. . You can contribute curry puffs, fruits, desserts and drinks. Everyone is invited.

Do join us to show your support and appreciation. See you.
Regards,
Aqeel

Ali is a policeman. He is always on his motorbike riding around his neighbourhood to ensure that everyone is safe. Whenever someone commits a crime, he will catch them.

One day, he was working at the police station. He got an emergency call that someone's house was being robbed. He immediately arrived at the scene with a few other policemen to catch the thieves.

The next day, he went to a school near his neighbourhood to give the students a briefing about the foiled robbery and what to do during a crisis. He said to lodge a report if that happened to anyone.

What a dedicated policeman!

It was a usual Saturday and Amran was playing with his cat, Toby. Amran was playing catch with his cat. He was exhausted so he went to grab a glass of water. When he came back, the cat was missing. He panicked. He searched everywhere but still couldn't find it. His father helped him to intensify the search.

They drove around the neighbourhood but they were unable to find it. The next day, Amran's father went to the park for a jog. He heard a cat's meow. He looked around and it was Toby, in a drain. He took it home and Amran thanked his father.

Once, there was a continuous spell of rain that caused the river banks to burst. When the water rose to a more dangerous level, the rescue team set off to evacuate the villagers.

When the villagers arrived at the relief centre safe and sound, they camped in makeshift tents and sought refuge together with many other evacuees. The volunteers were busy ensuring their health and safety while providing meals and clothes for the evacuees. Everyone was glad to see the relentless effort that they have made.

After the flood had subsided, the rescue team helped to clean the damage caused.

One day, Ali was playing with his cat in an abandoned backyard. A while later, his cat was missing. He searched frantically but the search was in vain.

He gave up the search. In desperation, he pleaded with his father to help find his cat. His father drove around the neighbourhood to find it but to no avail. Ali was depressed.

A day later, when his father passed by the park, he heard a cat meowing. He discovered that Ali's cat was in an unused drain. Ali was over the moon and thanked his father.

Dear Dad and Mum,

I would like to attend skateboarding classes. I shall use a skateboard to perform tricks on various surfaces. It would be fun to perform stunts on ramps and slopes as daily activity. Miss Peggy Lim is the trainer. It only costs RM160 for six sessions. Don't worry about me because I shall wear the appropriate attire for skateboarding. I hope you can approve my desire to take up skateboarding.

Lots of love,
Ariel

Dear Mum & Dad,

I know that you are concern about my extreme sports hobbies. I want to join paragliding. It is a sport that is basically to jump off from an active aircraft and performing acrobatic moves during the free fall before landing, using parachutes.

The trainer with 20 years of experience for this sport is Encik Mazlan who coincidentally is also a professional trainer and the fee is RM 200 for 5 sessions only. I shall be safe and I'll be wearing protective gears always. So I seek for your permission to join.

Love,
Dominick Toharyo

Dear Mom and Dad,

I would like to attend rock climbing lessons since it is my favourite adventure sports. The trainer will be Mr Harry Tan who happens to be our uncle. The fee will be RM120 which includes equipment so we won't have to buy any equipment because it is hard to find. There will be 4 sessions. Rock climbing is about climbing rock faces using climbing ropes. I hope you will let me join rock climbing.

Love,
Ming Jun

Helping children cope with stress during the 2019-nCoV outbreak

Children may respond to stress in different ways such as being more clingy, anxious, withdrawing, angry or agitated, bedwetting etc.

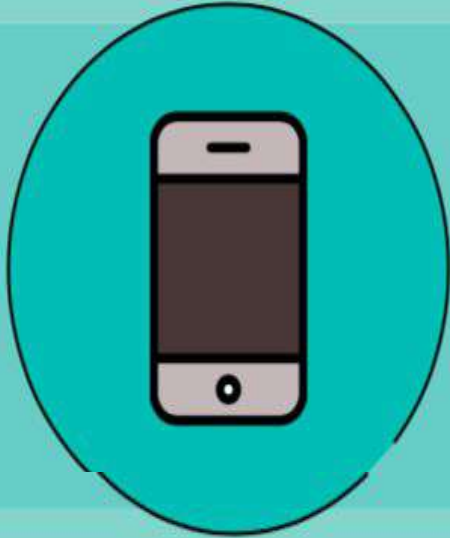

Respond to your child's reactions in a supportive way, listen to their concerns and give them extra love and attention.

Children need adults' love and attention during difficult times. Give them extra time and attention.

Remember to listen to your children, speak kindly and reassure them.

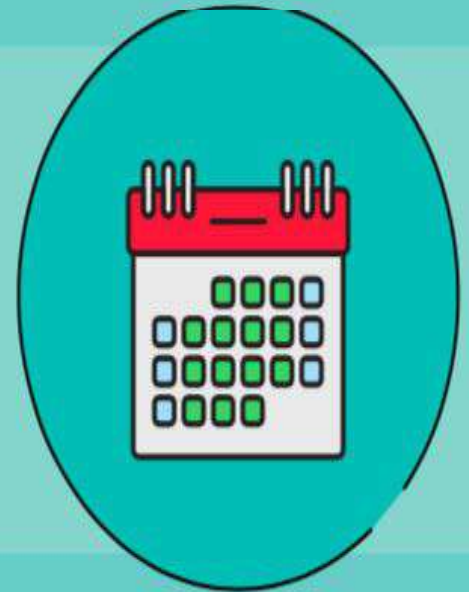

If possible, make opportunities for the child to play and relax.

Try and keep children close to their parents and family and avoid separating children and their caregivers to the extent possible. If separation occurs (e.g. hospitalization) ensure regular contact (e.g. via phone) and re-assurance.

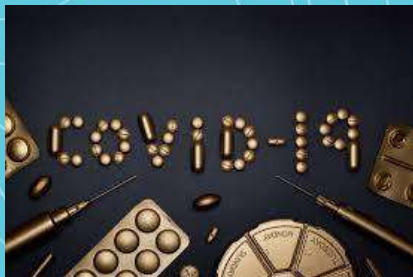

Keep to regular routines and schedules as much as possible, or help create new ones in a new environment, including school/learning as well as time for safely playing and relaxing.

Provide facts about what has happened, explain what is going on now and give them clear information about how to reduce their risk of being infected by the disease in words that they can understand depending on their age.

This also includes providing information about what could happen in a re-assuring way (e.g. a family member and/or the child may start not feeling well and may have to go to the hospital for some time so doctors can help them feel better).
