## STAR OF THE WEEK

Anndriyana is a self-motivated, conscientious and hardworking student. She always strives to reach her full potential. She sets an example of excellence in behaviour and cooperation with other students. Anndriyana is indeed very kind, respectful and helpful when interacting with teachers and other students. She takes her class works seriously and demonstrates responsibility by completing them. She expresses ideas clearly, both verbally and through writing.

Anndriyana has a bright future and we wish her all the best for her future undertaking.

Anndriyana 5R

Dear Parents/ Guardians,

We know that exercise is important in our daily life. It is crucial to create the awareness among the young kids to carry out fitness activities that make them feel good. The Fitness Week has been carried out to encourage pupils to share their fitness activities.

In conjunction with the Merdeka Day celebration, the Patriotic Week has been conducted to help pupils understand the culture in Malaysia and encourage the feeling of love towards the country. The Merdeka Day poster competition has been carried out on 17.08.2021.

Moving forward, psychomotor activities will be conducted during the CCA. It includes STREAM activities such as: Science, Technology, Reading, Engineering, Art and Mathematics.

Please take note that the SRRK STREAM Week will be carried out from 06.09.2021 to 10.09.2021.

Thank you for your continuous support. Stay safe and have a great weekend!

Sincere regards,  
Loy Liang Hui  
Principal

# Storytelling

TRADITIONAL VALUES  
GLOBAL VISION

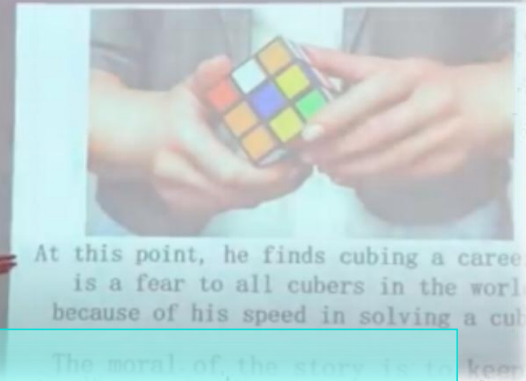

**Storytelling sparks pupils imagination and stimulates curiosity, as well as the ability to focus.**

**Pupils created their own interesting stories and presented it confidently.**

**Storytelling develops early literacy skills and boosts pupils' self-confidence level.**

**The explanation behind this phenomenon is simple - DENSITY!**

**In the salt water density experiment, Jing Yuen made her own video to observe the egg placed in salt water floated.**

**SALT WATER  
DENSITY EXPERIMENT**

**Pupils made patterns of the landforms using clay and paper clips. They labelled it clearly.**

**Pupils made the landform models during the Science lesson. They constructed the landforms using clay creatively.**

**Science**

**TRADITIONAL VALUES  
GLOBAL VISION**

**The Standard 1R  
pupils made a lung  
model with balloons  
during the CCA.**

**They were exposed to  
the human breathing  
processes, inhaling  
and exhaling.**

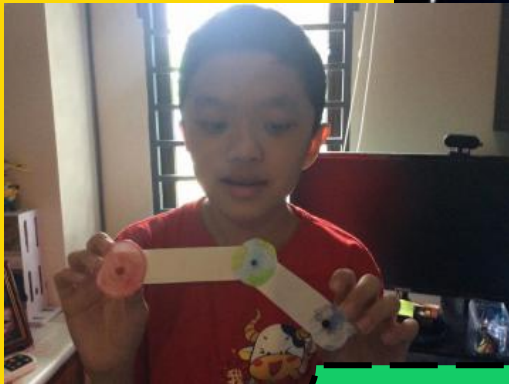

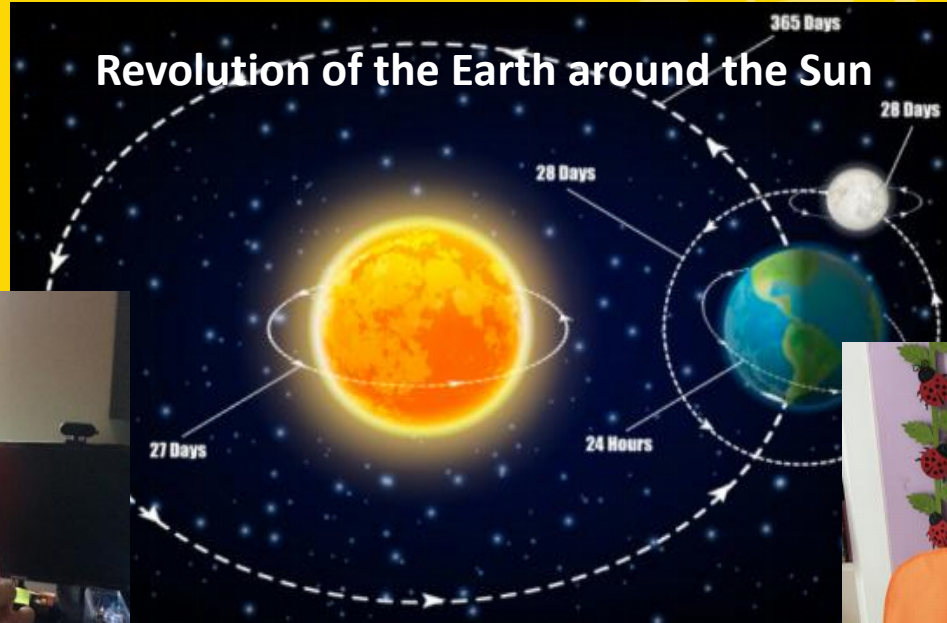

**The 5R pupils were able to identify the factors that cause rustiness after carrying out the simple experiment. This activities helped them to improve their understanding.**

### Revolution of the Earth around the Sun

**The 4R pupils created the rotation and revolution of the Earth around the Sun model. They were able to identify the position of the Earth, the Moon and the Sun.**

**Pupils learnt Mandarin strokes and the pronunciation of vocabularies during the lesson. They recognized Mandarin words with the guidance of their teacher.**

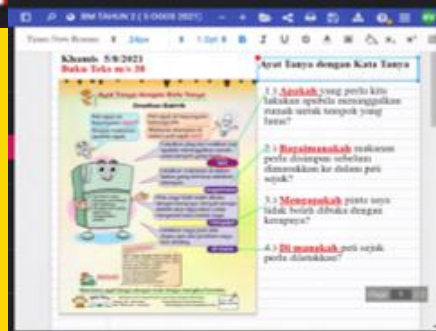

Cerita yang mengandungi ayat tanya.

Tahun 2

Membina ayat tanya menggunakan kata tanya.

Tahun 3

Membanding beza maklumat yang tersurat.

Mengedit Struktur ayat.

**Khamis 29/7/2021**  
**Buku Teks m> 22**

**Penggunaan Sisa Pepejal**

**Mengetir dan Berstruktur**

Di sini, kita telah belajar mengenai penggunaan sisa pepejal. Kita akan belajar mengenai bagaimana untuk mengelakkan pencemaran alam sekitar. Kita akan belajar mengenai bagaimana untuk mengelakkan pencemaran alam sekitar. Kita akan belajar mengenai bagaimana untuk mengelakkan pencemaran alam sekitar.

**Permasalahan**

- Dibincangkan di segi yang nampak pada kart bergambar
- Adangkan sisa
- Sisa yang boleh dikitar semula di manpa
- Masukkan ke dalam plastik

**Dibincangkan ke dalam yang terdapat dalam kitar semula**

**Pengasingan sisa pepejal di rumah**

**Pengasingan sisa pepejal di tong kitar semula**

**MA TAHUN 3 (1/006) 2021/2022**

**Masukkan struktur ayat**

Mstruktur Ayat yang baik	Mstruktur Ayat yang betul
Saya fikir orang yang baik akan pergi ke sekolah.	Saya yang baik akan pergi ke sekolah.
Program ini akan dijalankan oleh semua pihak.	Program ini akan dijalankan oleh semua pihak.
Penduduk yang tinggal di sini akan pergi ke sekolah.	Penduduk yang tinggal di sini akan pergi ke sekolah.
Langkah ini akan dijalankan oleh semua pihak.	Langkah ini akan dijalankan oleh semua pihak.
Saya berharap akan ada perubahan yang baik.	Saya berharap akan ada perubahan yang baik.

**MA TAHUN 3 (1/006) 2021/2022**

**Membina ayat tanya tanpa kata tanya.**

1. Apakah itu...  
2. Bagaimana...  
3. Apakah...  
4. Apakah...  
5. Apakah...

**Membina ayat tanya tanpa kata tanya.**
