

## ★ STAR OF THE WEEK ★

Chin Yun Xin is a responsible and diligent student. She always completes her tasks on time. Other than that, Yun Xin follows instructions all the time. She is also a proactive student, she has participated in the Chinese New Year event and World Speech Day organised in school. Besides that, she is friendly and kind to everyone. Whenever someone is in need of help, she will surely lend a hand without hesitation. We believe she has high potential to become a good leader in the future. Keep it up!

**Dear Parents and Guardians,  
Greetings from Rafflesia.**

**Happy fasting to all our muslim families in Rafflesia!**  
The spike in COVID-19 cases in Malaysia has been so alarming that it triggered the Malaysian government to again restrict our movement in order to reduce said numbers. As such, these changes have been challenging since schools must close and revert back to Virtual Classes.

This week is the final week of our Midyear Examination. Due to the Movement Control Order, we have to postpone our papers scheduled for the last 2 days to another date after Hari Raya Holidays. We have reverted back to interaction via online platforms to continue teaching our students. Academic rigour is maintained as much as possible.

We appreciate your cooperation and calmness in the recent Movement Control Order. I would like to remind everyone to be most vigilant in maintaining SOP for the safety of everyone. We will fight this pandemic together and hopefully this will be over soon.

We would like to wish all Rafflesians Selamat Hari Raya and Happy Holidays.

Thank you, stay safe and healthy.

**Madam Zainab Batin  
Principal  
Sekolah Menengah Rafflesia  
Kajang**

## World Maths Day 2021

World Maths Day is an international celebration of mathematics coordinated by 3P Learning (the makers of Mathletics).

On this day, millions of students across the world compete in Live Mathletics challenges to determine a global winner, while also participating in fun activities that highlight the wonder of numbers.

World Maths Day has grown exponentially since its beginning in 2007. In fact, it holds the world record for the most participants in an online mathematics competition with 1.9 million students taking part in a single day.

Students from Sekolah Menengah Rafflesia celebrates World Maths Day by participating in the competition together with millions of students all over the world simultaneously on May 5 2021. It runs for 48 hours to cover all global time zones.

## Artificial Intelligence

## Artificial Intelligence

Artificial intelligence (AI) is a wide-ranging branch of computer science concerned with building smart machines capable of performing tasks that typically require human intelligence.

The main objective of AI is to optimize the routine processes, improving their speed and efficiency.

Arduino was introduced to students of Sekolah Menengah Rafflesia to learn basic and advanced programming skills. Arduino is an open-source platform used for building electronics projects. It consists of both a physical programmable circuit board (often referred to as a microcontroller) and a piece of software, or IDE (Integrated Development Environment) that runs on a computer, used to write and upload computer code to the physical board.

### English : Virtual Presentation

Our Form 3 students at Sekolah Menengah Rafflesia Kajang excitedly presented their slides on ways to be a good citizen during the pandemic.

During this COVID-19 pandemic, being a good citizen means putting in the effort to wear a mask, social distancing and staying home if symptoms arise. As a good citizen, keeping the communities safe is more important than ever.

✦ In order to build the classroom community as students explore the difference between a citizen and a good citizen.

Here are snippets of how it went.

**English : Form 3 Virtual Presentation**

What should a citizen do in a situation like today?

- Obey SOP
- Sanitise regularly
- Do not go out if unnecessary
- Keep your distance with other people

**Chloe Chen**

**What Is Our Responsibility As A Citizen  
During This Pandemic Season**

- Follow the SOP rules, stay at least 1 metre away from people
- Wear a face mask
- Clean your hands often
- Avoid touching your eyes, nose and mouth
- Stay at home and avoid crowded places

**Nicole Cheah**

**\*How to be a good citizen during  
this pandemic season**

- 01 Obey SOP
- 02 Follows the order and advice of local officials
- 03 Dont go out unless necessary
- 04 Monitor your health daily
- 05 Stay virtually connected

**Adreanna**

**English : Form 3 Virtual Presentation**

**a good citizen**  
adreanna aleesya  
3R  
  
Adreanna

**Criteria of being a good citizen**

QUALITIES of a good citizen :

- Obeys the law
- Respects authority
- Contribute to Society and Community
- Courtesy and respect for the rights of others
- Moral courage

Why we need to be a good citizen ?

To makes generally a positive society, good citizens make our society a better place by improving the environment that they live in. They have a sense of community to an area and a sense of pride and responsibility for the are they live in!

Adreanna

**Good Citizenship**

- Obeying the current rules (For exmample: Wearing a mask in public as told, maintaining the social distancing and following the procedures of personal hygiene...)
- Contribution to Society and Communities (For example: Charities)
- Respecting the others and have good morals.
- Obeying the orders from government. (For example: Staying at home...)
