

## STAR OF THE WEEK

Maxwell is a wonderful young man in every way. He actively participates in class and is always eager to learn more. Maxwell does an excellent job of uplifting those around him with an encouraging smile or uplifting words. He is patient with people in his group and tries to implement everyone's ideas. He knows the meaning of effort, responsibility, and integrity, which will take him far in life.

Maxwell Jared Danie

Form 4 Wisdom

Rafflesia Private Schools  
Semester 2 Week 30 and 31

**Dear Parents and Guardians,  
Greetings, from Rafflesia.**

**I hope everybody is staying safe at home or at work.**

The month of August, definitely a special month to remember every year. Throughout the month, teachers are busy planning and executing activities with their students to commemorate Malaysia's Independence Day. Activities offered ranging from class decoration, essay writing competition and public speaking. All these activities have one common objective - instil patriotic spirit in the children and to remind them how far we have come as a nation.

Malaysia is a multiracial country. I believed it is the responsibility of the school as well as parents to be a good role model and to educate our children to respect each other and stay united as Malaysians.

On behalf of Rafflesia, we wish you a happy Merdeka Day.  
Stay healthy and enjoy a quality time with your family.

**Madam Zainab Batin  
Principal  
Rafflesia Private Schools  
Kajang**

## **Language Week : Project Based Learning - Lapbook**

**Bahasa Melayu  
Department conducted  
various activities during the  
Language Week which was  
held from 20th to 24th July.**

**Activities such as  
Public Speaking, Poster  
Presentation as well as  
making their own Lapbook  
to summarise learning  
content in a simplified book.**

## **eSports Poster Designing Competition**

**A poster is a temporary promotion of an idea, product, or event put up in a public space for mass consumption.**

**Typically, posters include textual and/or graphical elements. Posters are designed to be both eye-catching and informative.**

**On 3rd July, 2020 eSports Committee launched an eSports Poster Designing Competition in conjunction with the eSports Carnival 2020 which was recently held at Rafflesia Multipurpose Hall, Kajang. A total of 12 students participated in the competition. We take this opportunity to congratulate Ms Wong Jia Hui for producing the most informative, creative and relevant poster.**

## **Rafflesia eSports Carnival 2020**

**eSports Carnival was the first of its kind to be conducted at Rafflesia on the 28th August during Co-Curricular Activities period. It was introduced as physical sports are not available this year.**

**Students competed in selected online games as a team and/or individually. Just like physical sports, students cheered for their peers partaking in the event. Besides the entertaining aspect of this endeavour, these games also serve as a learning platform for the children. All winners (both individual players and team players) were awarded certificates for their achievements.**

## What are Digital Skills?

Digital skills are defined as a range of abilities to use digital devices, communication applications, and networks to access and manage information. They enable people to create and share digital content, communicate and collaborate, and solve problems for effective and creative self-fulfillment in life, learning, work, and social activities at large.

Entry-level digital skills, meaning basic functional skills required to make basic use of digital devices and online applications, are widely considered a critical component of a new set of literacy skills in the digital era, with traditional reading, writing, and numeracy skills.

At the advanced spectrum of digital skills are the higher-level abilities that allow users to make use of digital technologies in empowering and transformative ways such as professions in ICT. Major digital transformations such as Artificial Intelligence (AI), machine learning, big data analytics, change skills requirements and, in turn, impact capacity building and skills development for the 21st century digital economy.

To thrive in the connected economy and society, digital skills must also function together with other abilities such as strong literacy and numeracy skills, critical and innovative thinking, complex problem solving, an ability to collaborate, and socio-emotional skills (read more <https://shar.es/abJCgx>).

### How To Safely Remove a Face Mask to Protect Against COVID-19 Coronavirus

Remove it from behind,  
hold both of the ear  
loops and gently lift  
and remove the mask

do not touch  
the front of mask

Discard immediately in a  
closed bin; clean hands  
with alcohol-based  
hand rub or soap  
and water

# Stress in Students

## How Parents Can Help?

### Don't Over Schedule

Children need downtime to rejuvenate.

### Be The Role Model

Adopt health coping strategies to manage your own stress. Stress is contagious and children often mimic parents' behaviours.

### Encourage Good Sleep Hygiene

Set a regular bedtime, limit the access to screen and have bedtime routine 30-45 minutes before bedtime.

### Incorporate Exercise Into The Day

Physical activity is critical for well-being.

### Listen & Provide Encouragement

Learn to really listen without being critical or solving problems.

## Possible Causes

- Taking important tests
- Homework load
- Busy schedules
- Peer pressure/social acceptance
- Image concerns
- Preparing for college
- Parental pressure
- Changes in the family
- Romantic relationships (late teens)

If you wish to recommend your child to the School Counselling Centre, please contact the School Counsellor at [jjaying@rafflesia.edu.my](mailto:jjaying@rafflesia.edu.my)

## *Important Reminder*

- **SPM PTC - 8th September, 2020**  
**Venue : Examination Room**
